

PLASMA DONOR APPLICATION

TEAM ID : PNT2022TMID32618

S.NO	MILESTONES	DESCRIPTION
1	 An illustration showing two people interacting with a large smartphone. One person is holding a key, and the other is pointing at the screen, which displays a login or registration form. A padlock icon is also visible.	Account Creation
2	 An illustration showing two people standing next to a large smartphone. One person is holding a key, and the other is pointing at the screen, which displays a login or registration form. A padlock icon is also visible.	Login
3	 A screenshot of a mobile application dashboard. The screen shows a red header with the word 'Dashboard' and a search bar. Below the header, there are two main sections: 'Request Blood' and 'Blood Request'. The 'Request Blood' section has a red button with a white flame icon, and the 'Blood Request' section has a red button with a white flame icon.	Dashboard
4	 A screenshot of a web application interface showing donor availability. The interface includes a sidebar with navigation links, a main content area with a pie chart and a line graph, and a table listing donors with their names, blood types, and availability status.	View donor availability
5	 An illustration of a red smartphone with a white flame icon on the screen. Below the phone, the text 'BLOOD DONOR MOBILE' is written in white.	Request for specific blood group
6	 An illustration of a blue smartphone with a white speech bubble icon on the screen. A red notification bubble with a white exclamation mark is visible in the top right corner of the screen.	View Alert Message
